Irfan Rashid

Front End, Shopify & Wordpress Developer at Twisted Minds
Pakistan

Summary

My core competency UI/UX Designer & Front End Developer. My core expertise include; Responsive Web Design, UI / UX, Balsamiq Wireframes, Mobile Apps / Mobile Apps Wireframes, UI / UX, PSD to HTML, HTML5, CSS3, jQuery, Javascript. Angularjs, jQuery Mobile, Twitter Bootstrap, Gumby CSS Framework, Parallax Effects, and WordPress lies in complete end-end management of a new website development project, and I am seeking opportunities to build websites from the ground up for you or your business.

I have a passion for creating strong, stylish & creative web and media design solutions to help you promote your business successfully. I specialize in designing professional user Interfaces, both for the desktop and web based applications that are user friendly, accessible and relevant - yet visually stunning and appealing. I have all the basic concepts in the perspective of website usability, navigation, colors, use of images and graphics, web technologies, web design process etc.
